Page 48 – “Establish Cultural Facilities in addition to entertainment usage such as sports hall of fame to showcase notable athletes from Hawaii in professional and amateur national sports. In addition, as suggested by one community member, a hall of fame or museum showcasing political, cultural, and scientific leaders and innovators from Hawaii would be ideal in the Corridors plan.”

The City and County of Honolulu has allocated space in their draft plans to include a historical museum at the Halawa Rail station near Aloha Stadium. Residents and visitors alike will walk away knowing this untold story of Hawaii. We need community support to make this museum a reality. Please contact your City Council member to express your support. The Multi-Media Democracy Museum will honor American presidents and congressional leaders who were influenced by Hawaii and went on to improve the progress of Democracy.
